EDUCATION

BTech (2nd year) in Computer Science (Artificial Intelligence)
[Banasthali University] | 2025 – 2029
Class 12th
[Gurukul Vidyapeeth] | CBSE] | [80%] | [2025]
Class 10th
[Banasthali Vidyapith] | [Banasthali board] | [90%] | [2023]

SKILLS

Technical Skills

Comfortable with basics of C.
Familiar with fundamental programming concepts.
Basic understanding of Artificial Intelligence concepts.
Experience with MS Office tools and Canva .
Web development (using AI tools) .

Skills

Clear communication and expression
Creative thinking and problem-solving
Ability to adapt and learn quickly

LANGUAGE

ENGLISH
FRENCH(BASICS)
HINDI

ACHIEVEMENTS

Qualified for the semi-final round of an International Physics Competition, which strengthened my analytical thinking and problem solving skills.

Regularly participated in academic and creative activities during school and college.

Secured a position among the top 20 teams in Hack Celestia hackathon ,where I collabrated with a team to develop innovative solutions under time constraints.

CERTIFICATIONS

Participated in a Hackathon, gaining hands-on experience in problem-solving, teamwork, and developing ideas under time constraints.

Completed a Drone-related program/workshop, where I learned basic concepts of drone technology and its practical applications.

Participated in Indo-Russia Cultural Conferences and Exchange Programs, gaining exposure to international collaboration, cultural understanding, and global perspectives.

ACTIVITIES AND INTEREST

I enjoy coding, especially when it involves logical problem-solving and breaking down complex challenges into simpler steps. It keeps me engaged and constantly pushes me to think analytically .

I have a strong interest in drawing and creative expression, which helps me relax and also improves my attention to detail and imagination.

I enjoy vlogging and editing, where I experiment with content creation, storytelling, and visual presentation. It allows me to express ideas in a more creative and engaging way.

Passionate about exploring new technologies and staying updated with trends, especially in the field of Artificial Intelligence and digital innovation ,

I maintain an active lifestyle through regular gym workouts, which helps me stay disciplined and focused.

I like participating in events and activities that allow me to interact with new people and learn from different perspectives

AREA'S OF EXPLORING

Artificial Intelligence and Machine Learning

Programming and software development

Creative design and digital content

RESPONSIBILITIES AND INVOLMENT

Actively contributed to group activities and discussions in both school and college

Took initiative in creative tasks like content writing and design

Always open to teamwork and learning from others

DECLARATION

- I confirm that the information provided above is accurate to the best of my knowledge.
